the application, and current recipients must re-apply.

Background: The Ames Child Care Center (ACCC) provides full-time and part-time quality day care for the children of Ames/Moffett employees and on-site contractors. The ACCC is open from 7:00 AM to 6:00 PM Monday through Friday and serves children aged 6 weeks to 6 years.

The philosophy at the Ames Child Care Center is based on standards set by the National Association for the Education of Young Children (NAEYC). The program is based on developmentally appropriate practices. All of our classrooms are "child-oriented" rather than "teacher-oriented." The environment allows the child the opportunity to make choices and decisions concerning his or her actions. The teachers and assistants interact with the children by encouraging creative thought and assisting the child in developing his or her own problem solving strategies. The teachers prepare an environment that meets the child's social, emotional, intellectual, and physical needs that enable the child to develop positive self concepts, the ability to get along well with others, and a joy of learning.

For a Tuition Assistance application, tours, or waiting list information, please contact the ACCC Director, at (650) 604-5100.
